Thanks for all the good coordination Peter,
I returned from travel last night and am plowing through messages. I plan to join the Task Force call. Its on Will and Barry's calendars too.

I am around today if you have any time to catch up by phone on the Corps "stuff". I picked up your message on the language Kim modified. It looked from email like he, Jessie and Gina worked together to resolve while I was on travel. I hope that went OK.

I appreciate you trying to look EPA and NOAA into the HTL discussion - obviously pretty critical to have our agencies there.
